

Technological Institute of the Philippines  
Capstone Project 2

**APPLICATION DEVELOPMENT PROGRESS REPORT**

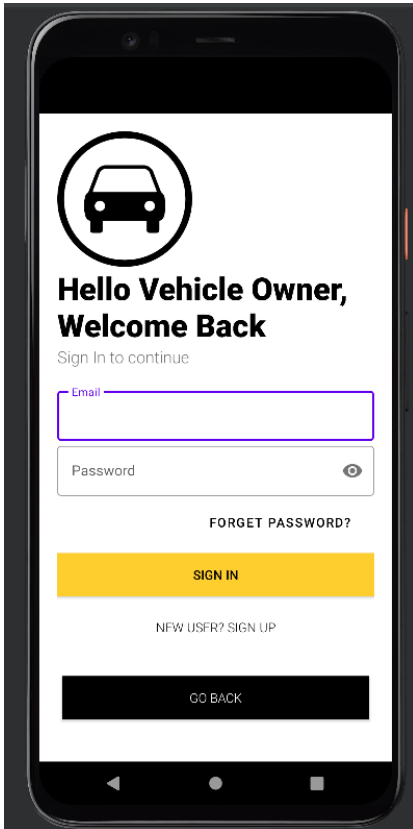

<b>Name and Signature:</b>	Macaraig, Rhealyn Joy G. Panayas, Sharmaine R. Sagana, Fritzlan P. Vacunawa, John Paul M..
<b>Role:</b>	Programmer
<b>Week No. / Inclusive Dates</b>	Week no. 4 / September 5 - 10

**Module: Sign In (Landowner)**

Activities and Progress (Actual Code, Screenshot of the Design, etc.)	
Techniques, Tools and Methodologies Used	Android Studio, Java, Firebase

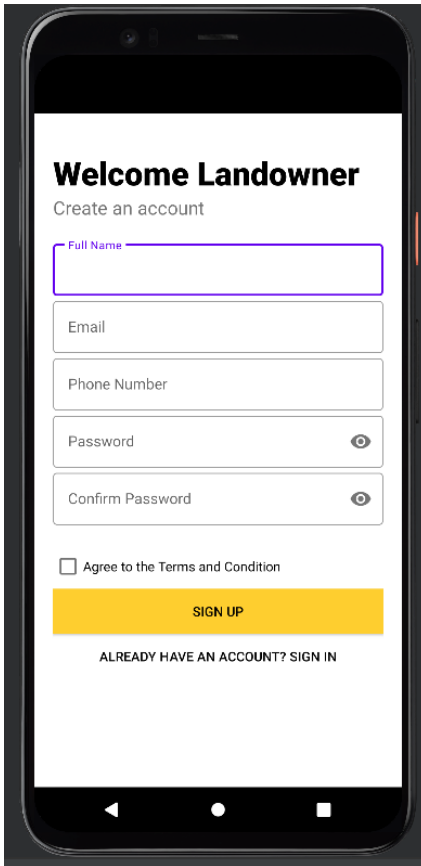

<p>Reflection: Problems Encountered and Lessons Learned</p>	<p>For this week, we finalized the sign in and sign up process of vehicle owner and landowner. In the previous weeks we encountered problems in the signing in process. This week we managed to complete the sign in process. The last part of our authentication process is the One-Time Password which is in progress.</p>
